

There is no doubt that February is the month of love, so it's fitting that it is also Love Your Library Month! Libraries are so much more than just books. They are also a place where communities and students come together to share hobbies, ideas, and happiness. World Book is committed to providing the best educational content to keep libraries filled with knowledge and joy.

In this month's **World Book Wired**, find ways to celebrate your love of reading!

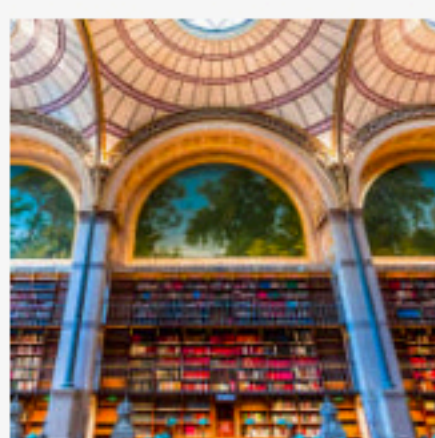

READING-FOCUSED ACTIVITIES

BLACK HISTORY MONTH

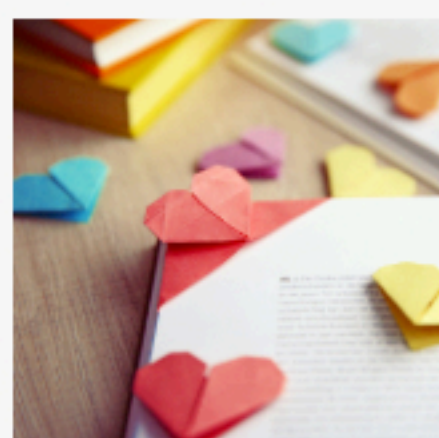

Celebrate African Americans who've made a profound impact on history in the fields of science, politics, sports, and more with our Webquest.

LOVE YOUR LIBRARY

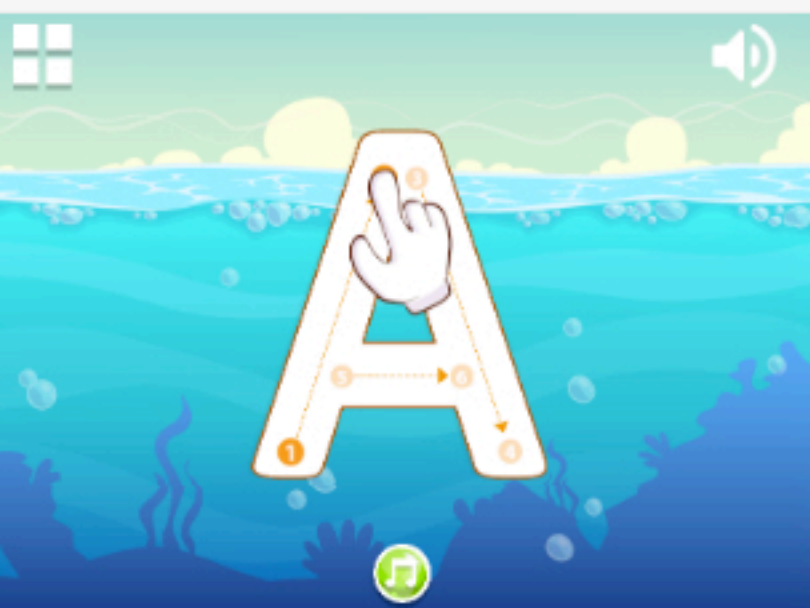

How can you help your library? Support is most important. Visit, promote, and keep talking about how much libraries do. More ways to support are [here](#).

VALENTINE BOOKMARK

Help spread the love of reading with this [bookmark](#). Print and have your students color them in as a fun activity in the classroom!

Early Learning by World Book has just released a new set of games: tracing! This is a great resource for students to learn letters and numbers while building hand-eye coordination and fine motor skills.

 **TRY NOW**

WOMAN SUFFRAGE

This year marks the 100th anniversary of the right of women to vote! Join us for a [webinar](#) for ways to incorporate World Book in your curriculum for this topic.

HOW I CHANGED THE WORLD

This series showcases the struggles, accomplishments, and pivotal events that shaped the lives of some of history's greatest influencers.
