

Even though it is the shortest month of the year, February makes up for its lack of days with a plethora of observances and celebrations. From Library Lovers Month and Black History Month to Chinese New Year and Valentine's Day, there are so many opportunities to engage students—all while reinforcing important skills.

In this month's World Book Wired, we are challenging students to learn all about the above topics and more. Not sure where to start? Here are a few ideas!

**RESOURCES WE LOVE**

**BLACK HISTORY**

Celebrate African Americans who've made a profound impact on history in the fields of science, politics, sports, and more with our [Teaching Topics](#).

**CHINESE NEW YEAR**

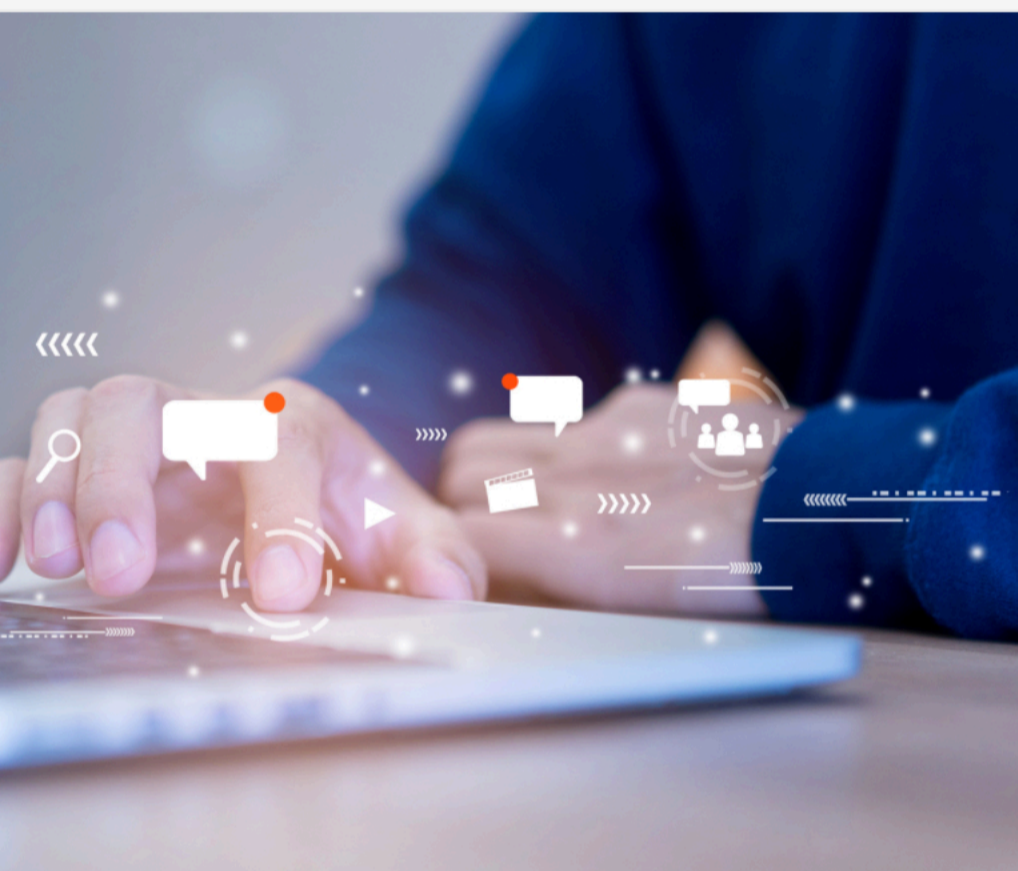

It's the year of the tiger and the perfect time for good health and prosperity. Learn more about the most [important festival](#) on the Chinese calendar!

**VALENTINE'S DAY**

Did you know chocolate was once more valuable than gold? Explore its history and learn to prepare some tasty recipes this love day with our [Taste the World!](#) set.

Give teachers another reason to love the library! With [Wizard Student Edition](#), libraries can create an interactive 1:1 learning environment that helps students prepare for standards-based testing. With 700+ curriculum-correlated drills spanning 230+ courses, and pre-and post-assessments—it keeps all learners on track by reinforcing classroom lessons.
