Students Achieve More With

WORLD BOOK

The #1 quality resource to support academic goals for K-12 Students.

When you need fast, reliable information for homework, reports, or just a lingering question, *World Book Online* is the place to go. *World Book Online* (WBOL) provides the same expert information found in *The World Book Encyclopedia* in an interactive, online environment. When you search *World Book Online*, you are not searching the Web; you're searching the same material you would trust from your local library. All of the content on *World Book Online* is similar to our encyclopedia content, but can be updated on the fly! Unlike the Web, the information found on *World Book Online* is reliable and organized, and gives you, the user, easy access to credible and current information.

World Book Online vs. the Web

WORLD BOOK ONLINE www.worldbookonline.com	INTERNET SEARCH ENGINES (Google, Bing, Yahoo, etc.)
TYPES OF INFORMATION	
• Scholarly articles • Primary source documents • Secondary source documents • E-books • Images, illustrations, maps, audio files, and videos relating to articles and search terms	• Everything published to the Internet from any source or person • Different types of websites. The most common ones are commercial sites (.com or .net), educational sites (.edu), government sites (.gov); organization sites (.org); and personal sites (.com, .net) • Few free scholarly articles and books
AUTHORITY	
• Articles found on *World Book Online* are authored by expert contributors and researchers, then evaluated by authenticators and reviewers to ensure that the content is accurate and up to date • World Book articles contain copyrighted, licensed, and proprietary information • Content is recommended by educational professionals and librarians	• Most information published to the Web is not regulated, has not been evaluated, and does not come from published sources • Authority varies and is difficult to verify • Most information lives solely on the Web and can come from anywhere and anyone • There is no review/editorial process with regard to content
CURRENCY	
• *World Book Online* is updated regularly and consistently .	• It is often difficult to detemine when information published to websites was last updated, revisited, or renewed • Information can be outdated

World Book Online vs. the Web cont.

WORLD BOOK ONLINE www.worldbookonline.com	INTERNET SEARCH ENGINES (Google, Bing, Yahoo, etc.)
READABILITY	
• Articles are carefully crafted to ensure that *World Book* meets the student where the student meets the subject • *World Book Online* includes different databases for different age ranges and and reading levels • Enhanced readability helps users get more out of every search	• Results cannot be filtered by reading or age level • Some information may be directed toward a specific audience: children, adults, or a specific ethnicity, gender, or political affiliation. Other information might require readers with technical or specialized knowledge
USABILITY	
• *World Book Online* provides a user-friendly research environment • Users have more control over search results and can use predictive or advanced search options to filter results • Each database returns a variety of content types, including articles, images, videos, etc. The more advanced databases return up to 20 content types! • Citations for each article, media, and source are included on the same page • A consolidated layout makes it easier to find research tools, videos, audios, and more information in convenient tabs or menus • A fixed header allows quick and easy access to the tools and features in the navigational bar from anywhere on the article page	• Millions of search results are not organized in a useful way. For example, Google ranks page results by "Google authority" which is affected primarily by page content (relevancy), backlinks (domain authority), and Google profitability (paid search campaigns) • Many results include the same information repackaged or duplicated • There are no filters to limit results by authority or relevance • Helpful features and tools are not included • Users must evaluate credibility of sources, taking more time to find accurate and pertinent information
ACCESSIBILITY	
• Libraries and schools provide access to this resource through their subscription; it is not free to the public • The full subscription is included for students and their familes when a *World Book Online* Package is purchased. You can use it as much as you want! • Can be accessed through the library or school website and from home	• Search results are free to the public • When information comes from a legitimate source or publisher, the user often has to pay to access it
