

Dear Educator,

Great news -- your school district has a subscription to *World Book Online*! This means you and your students have FREE access in the classroom, at home, or on the go from any internet-connected device.

### What is *World Book Online*?

A suite of digital resources full of educational content to help you reach every learner and **save you time!** *World Book Online* supports the curriculum with a range of content and features that spans all subjects and grade levels. We make collaboration easier with Google Classroom and Microsoft OneDrive integration.

Ready-made lesson plans

Google classroom and Microsoft OneDrive integration

Search by standard or Lexile level

Read aloud, translate, and other accommodations

### Why *World Book Online*?

The range of topics and features provides users of all ages, abilities, and interests a place to explore in a safe, trusted environment. World Book products are tiered; each one is designed for a target age group so the word choice, amount of content, and navigation is age appropriate. Each resource builds upon the previous to grow with students as they move through school.

✓ STEM support
