

Dear Educators,

Welcome to the World Book family! Your access to World Book Online provides you with a suite of resources designed to support all unique learners and their learning needs. Readable and engaging nonfiction informational text, multimedia, primary sources, maps, compare and contrast tools, and many more features will aid in your classroom instruction and build confidence in your student learning capabilities. Below you will find information on each database. World Book Online makes collaboration even easier with Google Classroom and Microsoft OneDrive integration. At the bottom of each database, you will find a “For Educators” tab. From there you can select Educator Tools for Lesson Plans, Curriculum Correlations, Next Generation Science Standards, Graphic Organizers, and Webquests.

EARLY LEARNING

Early Learning is the premier online resource for preschoolers and children in the early elementary grades. Developed with experts on early childhood education, Early Learning offers visual content worlds of high-interest topics complemented by videos and photos, read-aloud books in English and in Spanish, paint by number activities, and engaging games to reinforce learning. Educator Tools are also available to help educators guide young learners through the concepts with lesson plans, printable books, and activities.

KIDS

World Book Kids is the premier online resource developed especially for young students. The site features image-based navigation, easy-to-read articles that can be read aloud, thousands of images and videos, and a wealth of engaging games, science projects, and activities. Encourage self-direction with our tiled navigation in Explore, independent learning with Webquests, and compare and contrast with Compare Animals. Build confidence and encourage creativity with our inquiry-based activities.

STUDENT

Tailored for students in upper elementary and middle school, World Book Student enhances classroom curriculum. Cover cross-cultural awareness in Compare Places then shift to open discussions of current events with Behind the Headlines. Webquests are great for independent learning, pre- and post-assessment tools, or fast substitute teacher plans. Related Information from within each article contains additional resources such as curriculum correlations, full-text magazine articles, and special reports.

ADVANCED

World Book Advanced is tailored to students from junior high through high school, with over 40,000 articles supplemented with additional built-in resources and multimedia, including World Newspapers to cover global awareness. Primary Source documents, Biographies, In the Headlines, Back in Time articles, and Teaching with Documents all aid in more in-depth concepts within the classroom curriculum.
