

Hello Families!

As you look for ways to support your child learning at home, we wanted to let you know that you have access to **World Book Wizard**. *Wizard* is a personalized learning tool to help students master and retain information. They get immediate feedback as they answer questions so they learn along the way! *Wizard* has both a teacher and a student component so that it can be used in a variety of ways. Teachers may assign content to your child, or students can browse on their own to learn about new topics or get extra practice. Students can earn badges and unlock educational games as they complete exercises, bringing fun and motivation into the learning process! For a quick, 4-minute overview of *Wizard*, watch this video:

### FAQs

|   |  |
|---|--|
| <p>What grades are available?</p>                       | <p><i>Wizard</i> includes content for grades K-8 in the four core subject areas (Language Arts, Math, Science, &amp; Social Studies).<br/>         Questions and answers can be read aloud to students as they practice.</p>   |
| <p>How can my student access <i>Wizard</i> at home?</p> | <p><i>Wizard</i> is an online program provided by World Book.<br/> <b>To log in</b>, visit: <a href="https://www.worldbookonline.com/student-new/#/wizard">https://www.worldbookonline.com/student-new/#/wizard</a></p> <p>Most students will create an account with their teacher at school, so first check with your child’s teacher to see if one has already been created. If not, you can help them create one by following these steps:<br/> <a href="https://www.worldbookonline.com/training/products/wizard/how-to/wizard-how-to-access-student.htm">https://www.worldbookonline.com/training/products/wizard/how-to/wizard-how-to-access-student.htm</a></p> <p><i>NOTE: If your student uses a single-sign on provider such as Clever, they should access Wizard through that platform.</i></p> |
| <p>What devices can my student use?</p>                 | <p><i>Wizard</i> can be used on any device with internet access. We recommend accessing the program on a desktop or laptop through an updated Chrome browser.</p>  |
